To Our Mentees:

We hope you, your family, and loved ones are staying healthy and well. These are uncertain times and the most important thing you can do is take care of yourself and your family.

While all of us are practicing social distancing in the face of COVID-19, the 100 Black Men have made it a priority to stay close to you. We understand the many ways your life may be impacted, and we remain committed to helping whenever and wherever possible.

We want you to know that we continue to care about your progress, and we will be reaching out soon with initiatives to support you and your future. In that spirit, soon we will be sharing some actions the 100 Black Men of the Bay Area is taking to ensure that all of our mentees have all the support you need during this difficult time. We are here for you and your family; please do not hesitate to reach-out to us for anything. Thanks, and we wish the best for you during these trying times.
